

# Application for the Pilot System Water Conservation Program (2018) – NM

Please send completed application to:

Kristin Green, NM Interstate Stream Commission  
[KristinN.Green@state.nm.us](mailto:KristinN.Green@state.nm.us)

AND

Brian Hart, Upper Colorado River Commission  
[bhart@ucrcommission.com](mailto:bhart@ucrcommission.com)

For questions, call Kristin Green at (505) 827-6145

Landowner Information – Principal’s Name(s) and Legal Holding Name		
E-mail Address	Phone number	Date
Address		
City	State	Zip Code
Agent Name and Contact Information		
Proposed Pilot Program Project Description Summary (provide details on additional sheets)		

**Project Location**

**Description of Current Water Use**

(Provide a description of the current water use, including place of use)

**If the water is used for Agricultural purposes, please skip the remaining questions and fill out the Agricultural Project Attachment Form.**

**Water Right Information**

(Identification and description of the water right(s) being utilized. Include permit number, facility (ditch) name, and priority date)

**Diversion Point and Measurement Device**

(Please provide a description of the location of diversion and identify existing measurement devices (attaching a map preferred))

**Estimated Amount of Conservation per Year or Over the Life of the Proposed Project**

(Provide supporting information or methodology)

**Verification Method**

(Describe how the Upper Colorado River Commission could verify the reduction in consumptive use.)

<b>Timeframe/Schedule</b>
<b>Funding Requested</b>
(Include the estimated cost per acre-foot of conserved water.)
<b>Additional Information</b>
(Include any additional information that would be helpful in understanding your proposal.)

NOTE: Selected System Conservation Pilot Program project information may be subject to state open records act.

# Application for the System Conservation Pilot Program (2018)

## Proposed Pilot Program Project Description Summary (Agricultural Project Attachment)

Applicant Name:	Field name (FN):	FN:	FN:
Acreage:			
Historic crop type grown on fields (e.g. Alfalfa, corn, hay, etc.):			
How many cutting do you typically get and approximate dates of those cuttings?			
During the project, how will the conserved water return to the river? (e.g. will you close your headgate and let the water bypass the fields back to the river, will river diversions be reduced or something else?)			
Water Rights Information: (Include Permit No., Priority Date, Ditch Name, Source of Water,etc.)			
Location of diversion points and type of measurement device on ditch:			
Time frame/schedule of proposed activities:			
Estimated Conserved Consumptive Use (if you need assistance with this, please contact Kristin Green at (505) 827-6145)			
What method did you use to estimate conserved consumptive use. <b>If estimating ET, include the names of any weather stations used, if you applied an elevation adjustment, and if it is potential or actual ET.</b>			
Describe how the Upper Colorado River Commission could verify the reduction in consumptive use of your project (Verification Method)			
Funding Requested and any additional information you would like to provide:
