Steve:

The written comments that I have received on the proposed Navajo Nation water rights settlement are public record and are available for inspection in the files of the Interstate Stream Commission in Santa Fe. My understanding is that the office currently charges 20 cents per page for copies. I have not counted the number of pages of comments received, but the stack of paper is approximately 1 inch thick. You may get with Pat Turney to inspect the files, decide what you want copies of, and arrange payment for copies. Pat's phone number is 505-827-6118.

Hi Pat

We am hoping you will be able to assist us. CAW are following the State's participation in settlement negotiations of the Navajo Nation San Juan River water claims. The scheduled close for comments is end of business today. I would like to arrange to have copies of all the comments which submitted to Mr. Whipple or Mr. Leeper during the comment period which ran from 12/05/03 up to and through 01/15/04. The NM Inspection of Public Records Act provides for the timely release of these documents.

Please advise us as to how best to proceed in this matter.

Sincerely,

Steve Cone
