Steve:

I received additional written comments from the Colorado Water Conservation Board (3 pages), the Jicarilla Apache Nation (5 pages), the San Juan Water Commission (8 pages), Zang Wood (1 page) and yourself (8 pages). Copies of these comments should be available for inspection locally. Check with Robert Genualdi at the Aztec Office of the State Engineer (phone 334-9481, extension 261).

John

My understanding is that some 50pp of material has been received since January 15th. You will save me a trip into Santa Fe if you can tell me just who has commented and the approximate length of each comment.
