Subject: Navajo settlement documents are public

The final draft (we hope) Navajo Settlement documents just went on the OSE Website under Hot Topics. I understand the Navajo Council is expected to consider the settlement next week. Three days ago the Navajo Natural Resources Committee unanimously endorsed the settlement. If everything goes smoothly, approval of the settlement could be on the ISC agenda for January. It would then go to the Governor and AG and to Navajo Officials for signature. Then we are planning to submit the proposed legislation to you. The biggest change from the July draft is that the funding for NIIP is no longer part of these documents. Please let us know if you want to get together either in person or on the phone to discuss the settlement. John
