Subject: Update

Bernadette called me yesterday to inform me that the Navajo Nation has approved the 2005 Shortage Sharing Recommendations! Here's a status update on the other entities.

According to my files, I have signed Endorsement Agreements from the following:

- BHP
- Jicarilla Apache Nation
- APS
- City of Farmington
- Farmers Mutual

Based on email messages, the Hammond Conservancy District has approved the agreement but I have not yet received their signed Endorsement Agreement.

I haven't heard from PNM or Jewett Valley.

Bloomfield Irrigation District has not approved the agreement.

If your entity has approved the agreement, and I haven't listed it as received, please fax me a copy of your signed Endorsement Agreement or hand carry it to the meeting on Friday.

Thanks,

Pat
