## Financial Support for the Water Assembly and the regional water planning effort

In addition to the contracts from ISC, local governments provided \$280,253 for MRCOG staff and other direct costs in support of the program.

The Water Assembly arranged for about \$300,000 in-kind support from Sandia National Laboratories and UNM/Utton Transboundary Resource Center. In kind contributions have also come from:

- University of New Mexico Water Resources Program
- Army Corps of Engineering
- Natural Resource Conservation Service
- The Science and Technology Park at UNM

The following entities made cash contributions:

- Albuquerque Metropolitan Arroyo Flood Control Authority
- Bureau of Reclamation
- Balleau Ground Water Inc.
- Bernalillo County
- Bookman-Edmonston Engineering
- Boyle Engineering
- CH2M-Hill
- Chavez Grieves Consulting Engineers
- City of Albuquerque
- City of Rio Rancho
- City of SantaFe
- Daniel B. Stephens & Associates
- Dolan & Domenici
- Eastham, Johnson, Monnheimer & Jontz, P.C.
