

# State-Tribal Water Institute

**We could use your perspective.**

The Office of the State Engineer/Interstate Stream Commission invites all of the Nations, Tribes and Pueblos in New Mexico to come together government-to-government and provide input for the State Water Plan Update. We will be discussing the following water resource management issues:

- ◆ population growth / water demand
- ◆ conservation
- ◆ climate variability
- ◆ water projects needed in your region

## State-Tribal Water Institute

Monday, August 17 9:00 am-1:00 pm

Army Corps of Engineers Conference Room

4101 Jefferson Plaza NE

Albuquerque, NM 87109

Please RSVP to Myron Armijo, OSE Native American Liaison at 505-699-1725 by August 13, 2009.
